

## **WE ARE HIRING DOCTORS IN ANAESTHESIA FOR IRELAND**

**Description:** Bologna Health Jobs ([www.bolognahealthjobs.com](http://www.bolognahealthjobs.com)) has new exciting opportunities for anaesthetics doctors in public hospitals of HSE in **Ireland**

**POST:**

**REGISTRARS IN ANAESTHESIA**

### **Benefits:**

- Initial contracts of 1 year (in certain cases could be up to 2 years) or 6 months. Big opportunities to obtain permanent contracts for Consultants positions in the mid-term (1 or 2 years).
- Possibility to do Locums through our agency once you have been some time in Ireland (minimum of 6 months) to get some more earnings.
- Approximate net monthly salary of **4000€-5000EUR net/month** after tax and pension deductions for Registrar positions.
- 3 weeks holidays every semester for registrar posts.

### **Requirements and Qualifications:**

For **Registrar level applications** the following requirements apply:

1. The candidates will have to register with the IMC (Irish Medical Council) at least in the General Register for Registrar posts (if they haven't done so yet). Assistance will be granted to do this and we will help you all the way through. Please take into account that the registration process typically takes up to 3 months since doctors start the paper work so it will be advisable to start ASAP as doctors can't take up a job place till they are registered.
2. Candidates should have a minimum experience of 5 years experience in the chosen specialty. All candidates that have just finished their specialty or are going to do it in the near future will be highly considered for this post.
3. The level of English requested is very high (equivalent at least to a C1 level). HSE recommend to pass the IELTS exam if you want to increase the possibilities to find a job, with an average of 7 and a minimum of 6.5 for each section
4. All doctors should have completed their specialist training in a country of the EU or had their specialist title recognized in one of these countries. All candidates that have finished their BMQ in a EU country ( or have convalidated this title in a EU country) and have been at least 3 years practicing in the chosen speciality in a EU country can be considered for a post as a registrar in Ireland.
5. Knowledge in ICU
